

2012
Alaska Invasive
Species Conference

INVASIVE PLANTS OF ALASKA FOR EDUCATORS WORKSHOP

What: Invasive plant curriculum workshop for all teachers and agency educators.

When: Monday, October 29, 12:30 pm – 4:30 pm

Where: Kodiak National Wildlife Refuge Visitors Center, 402 Center Street, Kodiak, Alaska

This workshop offers educators the opportunity to:

- Increase their content knowledge of invasive plant identification and ecology
- Gain hands-on experience using Alaska-specific curriculum materials aligned with Alaska science standards and GLEs
- Get free stuff to help you teach about invasive plants
- Engage youth in a statewide invasive plants and pollinators citizen science project

FREE!
Open to all
formal and
informal
educators.
